Plan. Prepare. Protect Life.

ORADELL
ANIMAL HOSPITAL

SA100 Staying Safe with Situational Awareness

DT100 Diffusing Tense Situations with Verbal De-escalation

AS100 Surviving Active Threats & Shooters

Staff members felt ~~unprepared~~ to handle **active threats**. Administration provided training and solutions to **empower** the team with the **knowledge** and **skills** to respond to **verbal escalations, active threats** and **active shooters**.

CHALLENGES

- Disbursed teams and locations
- 24/7 staffing, 300+ patients daily
- Diverse knowledge levels
- Time and budget constraints

SOLUTION

- Active Threat Assessment
- Training via Blended Learning
- Implementation of Safe Hiding Rooms
- Continuous Learning

eLearning (self-paced)

Instructor Led (virtual or in-person)

Blended Learning

Realism Role Play Scenarios

RESULTS

- 80% of staff completed competency eLearning
- Over 50% attended advanced scenario training
- Improved building security and staff readiness
- Preparedness rating surged from 20% to 80%+
